

DANDRIDGE PUBLIC WORKS GENERAL INFORMATION

GARBAGE PICKUP POLICY

Each household is provided a garbage container. Each container has a serial number and is assigned to a specific address. The container is to remain at the assigned address. The truck picking up the trash container has an automated arm, which reaches out to pick up the container, empties it, and returns it to its specified location. In order for any trash container to be emptied, it must be placed correctly at curbside. Drivers do not exit the vehicle to adjust containers. For more information or to order an additional can please visit the Town of Dandridge website at www.dandridgetn.gov
